EUS Sports Subsidy Request Form

The EUS Sports Subsidy is available to all members of the Engineering Undergraduate Society at UBC. This means that every student in the UBC engineering undergraduate program is eligible. Subsidies will be awarded as long as money is available to award them. **Varsity sports are not eligible and during the summer term, only *one* sport per student will be subsidized.**
Forms must be submitted within one month from the date on your receipt.

The EUS will subsidize 25% of each member's sports registration fee up to a maximum of $25 per student.

You may request your subsidy in two ways:

1) As an individual with your own receipt
2) As a member of a team on behalf of the team
   (Recommended for cases where a team registers through one single payment and receives one receipt. Only one form per team in this case is required!)
